PROFESSIONAL EXPERIENCE

E-commerce Marketing Lead & Creative Operations Specialist | PROHUB Ecommerce Solutions Corporation | July 2025 - January 2026

- Supported a structured e-commerce product launch workflow covering product research, creative strategy, Messenger sales systems, ad launch/testing, product status tracking, and scaling preparation.
- Coordinated and produced ad creative assets for 100+ product campaigns while maintaining product trackers, creative links, raw asset references, campaign statuses, and launch readiness notes.
- Assisted in monitoring campaign performance indicators including orders, gross sales, ad spend, cost patterns, ROAS, lead quality, customer response, and conversion issues. • Tracked product outcomes such as killed products, reruns, winning products, ready-to-run assets, and scaling candidates to support faster campaign decision making.
- Maintained operational trackers for Meta ad funding, billing thresholds, top-up requirements, account balances, safety buffers, and campaign funding risk.

Digital Marketing & Growth Support | AOP Electronics Center | 2022 - Present

- Supported Facebook marketing and lead generation for a local e-bike battery and home-service installation business targeting Cabuyao, Calamba, Sta. Rosa, and nearby areas.
- Created and tested ad angles focused on home service, free installation, COD convenience, warranty, product quality, and physical-shop trust positioning.
- Built Messenger reply scripts, objection-handling responses, lead qualification tags, follow-up flows, and simple performance trackers for sales and ad spend.

Executive Assistant - Marketing & Organization Development | Transformational Coach Russ Juson | June 2024 - Mar 2025

- Supported personal brand operations, content coordination, administrative execution, scheduling, communication follow-ups, document organization, and internal workflow improvement.
